Through God: we can flourish, we can learn, we can achieve

Choosing a school

We know this is a big decision for you and your family

You are choosing the people who will help shape your child's first experiences of school: their friendships, confidence, curiosity and love of learning.

Today, we want you to leave with a clear sense of:

- How your child will be cared for and supported
- How learning is made exciting, purposeful and ambitious
- How we will work in partnership with you

Friendship & Trust

Perseverance & Courage

Compassion & Respect

Small beginnings, Big possibilities

We help children to:

- Develop a love of learning and the confidence to have a go.
- Build friendships and learn to play, talk and work together.
- Grow independence, resilience and self-belief.
- Establish strong foundations in communication, reading, writing and mathematics.

Children develop at different rates. We get to know each child and help them make meaningful progress from their own starting points.
